

FLORIDA 511 PHONE SYSTEM

Call 511 Toll-free

To receive traffic information on a Florida 511-covered roadway say:

- » **Traffic**
 - » **Highway** (I-75, I-4, I-95, etc.)
 - » **City** (Orlando, Tampa, Miami, etc.)
 - » **County** (Orange, Broward, Leon, etc.)

The system reports incidents, crashes, construction, congestion or closures for the roadway or area you request. You can then choose a different roadway or area, or return to the Main Menu.

My Florida 511 account users say "Profile":

Did you sign up to receive text alerts through your My Florida 511 personalized services account? Call 511 and say "Profile" and choose a route to listen to traffic information on that saved route.

To find out about other transportation options in your area say "Transfer my call" to choose from the following list:

- » Public Transit
- » Airports
- » Seaports
- » Commuter Services
- » Other 511 Systems
- » Florida's Turnpike
- » Sunpass Toll System

Say the agency you want to be connected with or hear a list of agencies in the system.

A toll-free service of the Florida Department of Transportation. Standard mobile phone minute, text message and data charges may apply.
